EDUCATION:

City College of New York, Master of Landscape Architecture
Spring 2009

Hunter College of New York, BA Geography
Fall 2005

EXPERIENCE:

EDESIGN DYNAMICS Environmental Designer
12/08 - Current New York, NY
Research, design, and implement ecological engineering solutions - projects range from ecosystem restoration to hydrologic modeling to water resources planning and design. Tasks include project management, concept sketches, computer rendering and modeling, grading plans, plant selections, and LID installation and monitoring.

MARK K. MORRISON ASSOCIATES Landscape Architecture Intern
09/08 - 11/08 New York, NY
Worked with staff on urban landscape design from public school playgrounds to the large-scale project of the MillionTreesNYC Program. Drafted landscape plans, created presentation renderings, researched applicable case studies.

STEPHEN STIMSON ASSOCIATES LANDSCAPE ARCHITECTS Landscape Architecture Intern
06/08 - 09/08 Falmouth, MA
Summer internship with a nationally recognized landscape architecture and planning firm; drafted construction documents, built scaled landscape models, color-rendered presentation materials, and created planting plans.

LANGAN ENGINEERING Landscape Architecture Intern
06/07 - 03/08 Elmwood Park, NJ
Worked with senior staff on the design of urban-scale projects including streetscapes, community greenways and parks, brownfield redevelopment, and lighting designs. Researched case studies, performed site analyses, compiled and edited specs and details for construction documents.

FINDLAY LANDSCAPING, LLC Landscape Designer
04/04 - Current Clifton, NJ
Perform freelance residential design work; responsible for project coordination including client meetings, design development, cost estimating, construction documentation, and project installation.

NYC DEPT. OF PARKS AND RECREATION Analyst Intern
06/04 - 09/04 New York, NY
Created maps of New York City for the GIS Systems & Analysis Team. Analyzed the use of overtime and the \$675,000 annual budget.

HUDSON RIVERKEEPER Internship
06/02 - 09/02 Garrison, NY
Researched polluted tributaries of the Hudson River for preparation of a "watchdog" manual. Helped conduct investigations of polluted sites. Drafted correspondence to NY State environmental officials, and FOIA letters.

MARSHLANDS CONSERVANCY Teaching Assistant
06/00 - 09/00 Rye, NY
Taught young children about the environment through nature walks and by collecting live samples from the marsh and sound.
